Getting Started with Your SOLO Headset

Adjusting the Headset

- (1) The headset may be used with the microphone on either the right side or the left side. The microphone is moved around the ear cup by swinging it down and around to the other side.
- (2) To adjust the headset for head size, grasp the adjustment rods on either side and pull them out or push them into the plastic cylinders supporting each rod.

Adjusting the Microphone

After the headset is comfortably placed on, the microphone should be moved close to but not touching the mouth

Performance Tips

- The headset fit is critical to achieving the best noise suppression and cancelling performance. Make sure the ear cups are centered on the ears and sealing of the pads to the head is firm.
- Your communications over the radio is best heard when the microphone is placed near the mouth but not touching.
- For continuous peak performance the ear seals, microphone muff and head pad should be replaced every 18 to 24 months depending on frequency of use. These components are not covered by the TELY Technologies® warranty but may be ordered via the website at www.telytechnologies.com.
- Be careful when packing the headset components into a carrying case. Place the microphone in last to avoid damage to the muff.

Registration

Registration of your headset at www.telytechnologies.com is encouraged to assure efficient service. Click on the “Warranty Registration” tab. The serial number of the headset can be found at the bottom of one of the ear cups.

Warranty

- Tely technologies LLC (“Tely”) warrants that all new headsets sold by Tely are free from defects in workmanship and materials. The limited warranty provided by Tely and all implied warranties imposed by law are limited to 3 years on Solo model headsets and 5 years on ACE model headsets and the limited warranty period will commence on the date of purchase shown on the sales receipt. The limited warranty applies only to the original purchaser and excludes 3rd parties, including distributors, dealers, retailers, and subsequent owners. The limited warranty is not assignable and remains in full force and effect during the warranty period, as long as the headset has been properly maintained, has not been abused, repaired, altered or modified in any way by anyone other than Tely. The warranty is void if the Headset has been damaged due to negligence. The limited warranty specifically excludes all taxes, shipping costs, and problems relating to 1) repairs, alterations, or modifications not approved by Tely. 2) Abuse, negligence, or failure to properly maintain the headset. 3) Faulty workmanship by any person, except Tely. 4) Operation of the headset except as specified in the operating manual. 5) Ordinary wear and tear. For each claim under this warranty, the purchaser must show proof of purchase showing the date of purchase as proof that the headset is still within the warranty period. Purchaser must contact Tely for a return authorization number prior to sending the headset to Tely for any warranty claims. Tely at its sole discretion may choose to repair or replace the headset or any part thereof, without charge to the purchaser. In repairing or replacing the headset during the warranty period, Tely may at its sole discretion use new, used, or reconditioned parts or provide a refurbished used headset as replacement. Shipping costs for warranty claims must be pre paid by purchaser and if headset is deemed to be covered under warranty, Tely will cover standard shipping costs of the

repaired or replaced headset back to purchaser. Express shipping costs are not covered under warranty. In the event that Tely receives a headset that is not covered under warranty, Tely will contact the purchaser with cost options for repair. If purchaser decides to not have the headset repaired Tely will return the defective headset as long as purchaser covers any shipping costs. Tely will attempt to contact purchaser no more than 3 times via telephone and or email. If after 30 days of initial contact purchaser has not replied, the headset will be deemed abandoned and Tely may keep, sell or otherwise discard the headset.

- The terms in this document are the only terms that govern Tely's warranty obligations. Tely reserves the right to modify, at any time and from time to time in its sole discretion, any and all terms in this limited warranty. Each such modification is deemed effective upon publication on the Tely website or otherwise.
